

BAMURRU PLAINS  
Wild Bush Luxury

# Getting There

## Air Charter Transfers

### Scenic air transfers from Darwin

From the sensation of lift-off, to the excitement of soaring above the twists and turns of the Adelaide River, your charter flight to Bamurru Plains is a unique and spectacular 30 minute experience.

Charter flights depart from an individual terminal approximately 1,200 metres from Darwin Commercial Airport.

**Please ensure you arrive 30 minutes prior to your departure to complete check-in procedures. Each person has a luggage allowance of 15 kilograms in soft-sided bags. For any excess luggage, secure storage is typically available at the charter flight office. We recommend checking with your preferred supplier to confirm their specific policies and options**

At the airstrip, a Bamurru field guide will be waiting to drive you 20 minutes through the savannah bush to the Safari Lodge where a refreshing native inspired tonic will have you settled in and ready to explore.
